

The diagram illustrates the layout of an A4 folder, single-sided. It features a large rectangular main panel on the right, a smaller rectangular panel on the left, and a triangular flap at the bottom left. The main panel is divided into three horizontal sections: a top section with a blue border, a middle section with a magenta border, and a bottom section with a light blue border. The left panel and the triangular flap also have a blue border. The triangular flap is divided into four quadrants by two diagonal magenta lines. The top section of the main panel contains the title 'A4 Folder Single Sided' and three text blocks with corresponding colored squares: a blue square for 'Bleed Area', a magenta square for 'Trim/Fold', and a light blue square for 'Safe Area'. The bottom section of the main panel contains a blue text block. The left panel and the triangular flap are currently empty.

A4 Folder Single Sided

 Bleed Area

Anything here will be trimmed off.
Remember to extend any colouring or
images into this 3mm bleed area.

 Trim/Fold

Your artwork will be cut on the solid
magenta line. Any images or text
placed outside this area will be
trimmed off.

 Safe Area

Keep all your vital information inside
the light blue area to avoid potential
trimming issues.
